ENGINEER | MALE | 22Yrs

Delhi, India | 7701987755 | [Portfolio](#) | [GIT-HUB](#) | [E-mail](#)

## Profile

Eager software developer with a diverse skill set encompassing development, design, data visualization, and process automation. Known for productivity, adaptability, and a strong work ethic. Seeking opportunities to contribute and grow in a dynamic software development environment.

## Skills & Abilities

- ReactJS
- HTML
- JavaScript
- DOM Manipulation
- JSX
- VS Code
- Tailwind CSS
- MS Office
- AI Tools
- Strong secondary research abilities

## Projects

### RAZORPAY WEBSITE UI REPLICATION (HTML , TAILWIND CSS)

(20th-25th July, 2023)

- Recreated the Razor pay payment gateway website UI with precision, using HTML and Tailwind CSS
- Produced an accurate replica of the original design, ensuring visual consistency and attention to detail
- Utilized Tailwind CSS to efficiently style the UI, maintaining code cleanliness and manageability
- Successfully delivered true-to-design web pages, highlighting design appreciation and technical skills

### EDUCOURSEHUB (REACT.JS, TAILWIND CSS, JSX )

(1th-5th October, 2023)

- Developed a dynamic educational course catalog web application using React.
- Implemented key features, including a filtering mechanism using the "Filter" component and course display with the "Cards" component
- Allowed users to like and unlike courses, with visual cues through the heart icon, and integrated the React Toast library for notifications.
- Demonstrated proficiency in React state management, data retrieval, and creating a responsiveness
